

We are happy to offer individual free screening of the film *"Picture a Scientist"* <<https://www.imdb.com/title/tt11906032/>> through the May12 Initiative, in agreement with Roco Films/ <<https://rocofilms.com/>> (and France TV Access/ for the subtitles in french). The documentary brings three women scientists who lead viewers on a journey deep into their own experiences in the sciences, facing harassment, institutional discrimination, and years of subtle slights.

The screening is offered with subtitles in several languages (english, french, spanish, portuguese). *Each registered person will be able to watch the film free of charge once between, May 12 and 14, 2021*.

To access the film, please register before May 6, on the following webform:
